Lesson

Describe the term 'pre-production'.

Compare planning tools available for pre-production.

Create pre-production planning materials.

Identify the properties required for creating digital graphics.

Recognize the legislation regarding use of digital graphics.

Name the different camera angles used in video production.

Identify the resources required for creating digital graphics.

Name the different camera angles used in video production.

Identify the software required for digital video creation.

Discuss the features and properties of websites.

Plan a mult-page website.

Create a mult-page website using open source tools.

Plan a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Plan a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.

Print a digital media artefact from a selected client brief.

Create digital media artefacts.

Evaluate design decisions for media artefacts.
