Learning graph

Y8 - Media - Vector graphics

Concept

Skill

- Explain that vector graphics are created using paths
- Recognise an image can be created by combining shapes
- Outline the different ways of working with multiple objects
- Explain the use of nodes in a path
- Align and distribute objects
- Explain union, difference, and intersection when combining objects
- Manipulate groups of objects
- Create objects and change their properties
- Combine paths by applying operations
- Draw paths
- Convert objects to paths
- Explain the use of nodes in a path
- Change the form of an object by moving nodes
